Friday 12th July PM - Year 6 Disco
Friday 19th July - End of Term (School Finishes at 1:30pm)

Welcome to the final term for our Year 6 pupils. This term we are busy preparing ourselves for transition to Year 7 and celebrating the end of our time here at Stanburn. We have planned a variety of activities for the pupils including our residential and non-residential weeks and are excited to begin work on our Year 6 production too. It will be a busy term but one we are all looking forward to!

The attendance for the whole of Year 6 is currently **96.8%**
Our target for attendance is 97%

Key Events continued:

Year 6 Graduation Assembly 6 Silver and Pebble:
17th July 2024
Year 6 Graduation Assembly 6 Dove and Platinum:
18th July 2024
Last Day of Term: Friday 19th July 2024
1:30pm finish.

Mathematics

In this final half-term, we will be consolidating our knowledge learnt over the year so far as well as undertaking small projects which will provide pupils an opportunity to revisit many of the skills and curriculum content covered both in Year 6 and also the rest of Key Stage 2. The projects have been designed to explore maths in real life contexts, allowing children to see how important maths is in all aspects of their life.

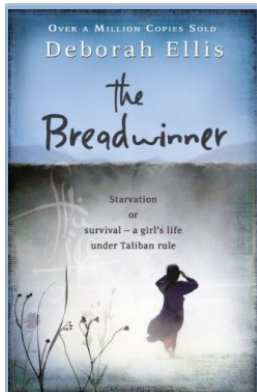

Finally we will also be focusing on mental maths skills and arithmetic skills. In addition to this, please continue to use MyMaths to embed maths at home too!

English

We are continuing to study different stories and writing stimuli that link with our History topic of WW2 and Conflict including the picture book, 'Rose Blanche'. For the second part of the term, we will be moving onto a story set in a contrasting warzone called, 'The Breadwinner.'

Finally, to end the year we will also be completing a transition unit of work. We will complete a range of writing around each story as well as reading and SPAG activities.

Finally, the children will also use a range of texts (including The Breadwinner) to answer VIPERS reading comprehension questions.

YEAR 6

MyMaths.co.uk

PE

Topic 1: Rounders We will be learning to apply rounders rules consistently, play small sided games using a standard pitch layout and we will use a range of tactics for attacking and defending in the role of bowler, batter and fielder.

Topic 2: Tennis We will be developing our backhand shots and introducing the lob. Also, we will be using full tennis scoring systems.

Summer Term 2 2024

RE

In line with the National curriculum, the children will be studying the topic of 'What place does religion have in our world today?'

Geography - How has globalisation impacted the world?

As well as investigating the inquiry question, 'How has globalisation impacted the world?' the pupils will also be learning about North America's physical and human features such as...

Science

This half-term the children will be learning about electricity. The children will begin to understand why electricity is useful and the social issues and safety issues around it. They will also learn how circuits work and how we use them in everyday life. This topic also links with our DT unit this half term.

DT- Electrical systems: Steady hand game

The children will be learning to understand what is meant by fit for purpose. They will be designing and developing a steady hand game using a series circuit (which links to our Science unit this half term).

MFL

In French this half term, the children will be learning to express basic opinions on food and clothing and they will be learning to make basic food orders in a café. They will also be learning about different occupations and they will be putting their French knowledge from the last 4 years together to write a letter to a French pen-pal.

YEAR 6

PSHE (including RHE)

Our Jigsaw unit this term is: 'Changing Me'

In this unit we will also be looking at: growing up, how bodies change during puberty for boys/girls, following the journey of a baby from conception to birth and discussing the transition to our new Secondary Schools. This puzzle is all about coping positively with change. All lessons will be taught inline with our school RHE policy. Please click [here](#) for an outline of the lessons taught.

Music

Our musical focus this half term will be performing. We will be rehearsing our end of year production, celebrating the children's happy memories and hopes for the future. This year's leavers' production is titled: School-O-Vision.

Computing

This term in our computing lessons, we will be using Purple Mash to create picture based quizzes for young children. We will use the programme '2Quiz' to create a variety of quizzes, ending the unit by creating an, 'Are you smarter than a 10-year-old' quiz for our parents and teachers!

Unit: 6.7
Quizzing

Final word

Thank you for your support this year. If you have any queries or concerns as we enter our final half-term, please feel free to contact us on the playground, on Class Dojo or via the school office.
 Kind Regards,
 The Year 6 Team
