

Values led

OUR READING

In our Reading lessons, we teach the values of respect, optimism and kindness through carefully selected texts and discussions. Stories that celebrate diversity, explore characters that face challenges with a positive attitude, and narratives where characters demonstrate empathy and compassion.

VISA

Inclusive

In our Reading and Phonics lessons, we ensure all children make progress through quality first teaching in class, supported by reading interventions and one to one reading. We choose diverse texts that reflect different cultures and experiences, helping everyone feel represented.

Systematic

We use a systematic, synthetic Phonics curriculum which ensures all children make progress in lessons and 'keep up, not catch up' through same day tutoring. Once pupils become confident in the skill of decoding, pupils build on their reading comprehension skills year on year through VIPERS guided reading lessons.

Aspirational

We foster a love of reading through engaging teaching, reading incentives, regular visits to the school library, World Book Day celebrations, book fairs and library clubs. We believe all children have the ability to become successful readers and develop a passion of reading that will last a lifetime.
