

19th January 2025

Dear Parents/Carers,

Well, I don't know about Friday 13th, but Monday 13th January caught us off guard! Burst pipes, power outages and overflowing waste pipes definitely kept us on our toes! Thankfully, we have a great team who kept calm and dealt with each issue effectively.

Our extra-curricular provision for Spring 2025 started with 590 places being taken which is amazing! With 38 clubs currently on offer, this wealth of opportunity isn't found at any other primary school! Thank you to Miss Crane and Miss Thevavesan for the administration required to make this happen.

Last week saw the return of SLTea where our Model Pupils are invited for tea and juice in my office. This particular group were so polite that none of them wanted to be the first to take a cake! What wonderful pupils we have at our school – they are a credit to Stanburn.

I am calling the coming week 'trip week' as we have eight different excursions planned to complement the learning in the classroom. Taking the children out of school is a logistical feat and I thank the staff and parents who volunteer. I can't wait to see the pictures and hear all about their exploits.

Ms D'Souza
